

## Safe deposit boxes

# Your valuables in excellent hands

### A safe place for your treasured items

Securities, coins, jewellery, works of art, important documents, data carriers or items with a major personal value can be stored safely with us.

Choose your safe deposit box from the various sizes available – depending upon how much space you need for your valuable items.

### Discrete and confidential

If you have selected a safe deposit box, you will receive a key for it. You can use it to access your valuable items during our opening hours. In our client consultation rooms you can examine your valuable items undisturbed and with all the calm you need.

### Safe means safe

Lodge your safe key with us free of charge. The deposit for a key that is not lodged with us is CHF 1'000.–.

### Flexible and convenient

The minimum term for a rental agreement is one year. We charge the amount directly to your account held with us. Do any particular people need to have access to your safe deposit box? Then simply grant a power of attorney. We'll deal with everything else for you.
